The EHO is a new arrival in Xenon boards range for 2015. Designed for novice to intermediate riders, for progressive freeride and entry level freestyle. The EHO with its forgiving characteristics helps launch your riding to the next level faster. This is the most accessible board in Xenon's range.

#### TECHNICAL FEATURES

- Steps free shape
- Paulownia woodcore
- Biaxial laminate
- Single concave to double V bottom profile
- Tapered down rails

#### EQUIPPED WITH

- New, ultra light, integrated, fully adjustable pads-straps set
- White G10 50 mm fins set with flexible fins washers
- Ergonomic grab handle

**P A D S**  
**S T R A P S**

The new 2015 ultra light pads-straps combo delivers integrated construction with a simplified mounting system and multiple adjustment options for best foot fitting, support and control.

**F I N S**  
**W A S H E R S**

All Xenon twin tip fins are CNC shaped from pre-colored block of G10 material for ultimate performance and durability.

- Thread – M6
- Bolt spacing - 38mm

–

Specially designed for better fin support and exclusively build from composite of HD Polycarbonate and fibre glass, Xenon TT fins washers are two times thinner, lighter and more flexible than most fin washers out there.
